KLUE RESEARCH PROJECT

ASSESSMENT OF THE GERMAN FUNDING PROGRAM
ADDRESSING INNOVATIVE PORT TECHNOLOGIES
(IHATEC)

PROJECT DURATION
September 2019 – May 2020

PROJECT LEADER
Dr. Katharina Renken

BRIEF DESCRIPTION
Assessment of the German funding program to support innovative port technologies in German sea ports and inland ports (IHATEC) with the aim to increase and stabilize competitiveness. The KLU Hapag-Lloyd Center for Shipping and Global Logistics (CSGL) conducts the interviews with beneficiaries, and supports the mapping out of suggestions for improvement of the program.

PROJECT FUNDERS
Federal Ministry of Transport and Digital Infrastructure (BMVI)

PROJECT PARTNERS
KLUE Hapag-Lloyd Center for Shipping and Global Logistics (CSGL), Kerlen Evaluation Ltd
